PECB

Become acquainted with the best practices of Asset Management Systems (AMS) based on ISO 55001

Why should you attend?

ISO 55001 Foundation training enables you to learn the basic elements to implement and manage an Asset Management System (AMS) as specified in ISO 55001. During this training course, you will be able to understand the different modules of an AMS, including AMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can take the exam and apply for a "PECB Certified ISO 55001 Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
