

PECB ISO 9001 Foundation

Become acquainted with the best practices of Quality Management Systems based on ISO 9001

Why should you attend?

ISO 9001 Foundation training enables you to learn the basic elements to implement and manage a Quality Management System (QMS) as specified in ISO 9001. During this training course, you will be able to understand the different modules of a QMS, including QMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certificate Holder in ISO 9001 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend? <ul style="list-style-type: none"> Individuals involved in Quality Management Individuals seeking to gain knowledge about the main processes of Quality Management Systems (QMS) Individuals interested to pursue a career in Quality Management 	Learning objectives <ul style="list-style-type: none"> Describe the quality management concepts, principles, and definitions Explain the main ISO 9001 requirements for a quality management system Identify potential actions and approaches that organizations can use to achieve conformity to ISO 9001
